Community and visiting clinics in Midlothian

This is a list of clinics and services hosted by the NHS in Midlothian. People have told us they would like to be able to access more services locally, so as a first step we developed this list in order to show the range of clinics that are currently available. Access to many of these services is by referral from a health practitioner. We try to respond to local need and to encourage services to hold clinics in Midlothian which would otherwise be difficult for people to get to. For example hearing aid batteries are now available from Midlothian Community Hospital and health centres in Penicuik. For more information contact Catherine – 0131 271 3411 / catherine.evans@nhslothian.scot.nhs.uk
